PVC Flexible Braided Hose

We introduce ourselves as one of the leading manufacturer of "ZENITH" Brand PVC Flexible Braided Hose. Manufactured on a fully Automatic European Plant ZENITH hoses can safely be used for following :

APPLICATION: Garden/Watering

- Compressed Air Connection.
- Pneumatic Tools & Equipment.
- General Water Delivery.
- Medium Duty Rockdrill purpose.
- Car washing at service stations.
- Pesticide spraying with power drove pump.
- For conveying Chemicals, Acids & Alkalies

Advantages of ZENITH PVC Braided Hose on Rubber Hose :

Light in weight, so easy to handle. Does not crack when in use or stored for long time, lasts longer then rubber hose. PVC smooth inner surface permits better flow of fluid. Crystal transparency allows air locks and blockages to be quickly detected and save costly down time.

Approx. 50% cheaper than good quality rubber hose. In PVC same Hose can be used for Air-Pneumatic-water & chemical Application.

Advantage or ZENITH PVC Braided Hose on other PVC Braided Hose :

Excellent Ply adhesion, Bonding between two layer of PVC make the whole Hose as a homogenous entity resulting in greater strength to withstand higher pressure and give longer life.

Made from virgin best quality raw material. No mixing of cheaper chemicals.
Made from 1st quality, higher denier high tenacity whites synthetic yarn for reinforcement.

It is manufactured on fully Automatic European Plant.

Temperature Range :

Recommended working temperature range is between -10⁰C to +60⁰C.

SIZE, SPECIFICATION & COLOUR			
Size Id mm	Size inch	W.P Kg/Cm²	B.P Kg/Cm²
ZENITH supreme Hoses with Twisted yarn - Colour: Crystal Clear Transparent White
